Stan Anderson writes

I think I can speak for everyone here at Burnden Park when I say I am delighted Ian Greaves is back in management, having been appointed manager of Oxford United.

Although Ian will be quite some way away from his native North West, we will always keep in touch.

The whole of the club is absolutely delighted that he has made a good start with his new club, winning the first two games and we offer him our best wishes, hoping he has a successful time there.

Back to home matters, you will be well aware that the injury situation here at the club has been serious to say the least, but I thought you might like to be brought up to date with our three main casualties, and hear how they are progressing.

Peter Reid, who had a cartilage removed from his knee, has now had the stitches removed from his knee and has started the work necessary to bring him back to full fitness.

Mike Walsh, who has damaged knee ligaments, is still in plaster and will be for another week before he begins his fight for full fitness.

They were joined on the sidelines last week by our latest casualty Terry Poole, who dislocated his shoulder in the match at Wrexham. At first we thought it was a serious injury, but a later check showed it not to be as bad as first thought.

Our physio Jimmy Headrige is keeping a close watch, as always, on our three casualties and you can be sure they are in good hands. Although we have mentioned certain recovery times for these injuries you can never be too accurate and to be honest we are in the dark to a certain degree with these three players.

Injuries to your top players are something you cannot envisage at the start of the season and to be honest at this time of the season we really do miss them.

But the young lads who have come in have done well, particularly Mike Bennett, David Hoggan and Gerry McElhinney.

David, for instance, has been able to command a regular first team place has done a great job at the back. Although our recent results might not justify me saying these things, it augurs well for the future and the lads themselves will be better for having been given their chances.

If Liverpool and Manchester United can moan about their injury situations, given the playing resources they have, then we, with our problems, would be expected to suffer more.

But what we must do now is to reach a position of safety in the league and get these key players back into the side.

There is no doubt that we know what our best side is, but we have been unable to field that side for two or three months. It is therefore difficult to judge how well the team has been doing when you know you haven't been turning out your best side.

We just have to battle on, get one or two results together and take the pressure off.

FOREST AIM TO FILL FA CUP VOID

By Tony Pullein

The F.A. Cup is the only trophy Nottingham Forest have failed to win since Brian Clough took over as manager. They've won all the others and, though they were held to a draw by us on Saturday, the Forest men are still confident of progressing into the fourth round.

Forest's first trophy under Mr Clough's leadership was the Anglo-Scottish Cup (1977). They then won the League Championship (1978), the European Champions' Cup (1979 and 1980), the European Super-Cup (1980), and the League Cup (1978 and 1979).

So it's rather odd to find their F.A. Cup record actually deteriorating year by year! In 1978 they lost in the sixth round to W.B.A., while the following year they lost at home to Arsenal in round five. Last season they went out at home to Liverpool in the fourth round. So, if the sequence continues, they are due to lose in the third round this season!

Quite a few changes have been made in the Forest team this season, though. The injury to Trevor Francis, coupled with the team's lack of bite in attack early on, prompted Mr Clough into action.

He had already paid £1,250,000 for striker Ian Wallace in the close-season as the ready-made successor to Francis. Another close-season signing was the Swiss international midfielder Raimondo Ponte, signed from Grasshoppers for £230,000.

Forest opened the season with Wallace, Garry Birtles and John Robertson forming the attack. Though Birtles was the club's leading scorer with nine goals by the end of September, there was apparently some differences of opinion with the management and he was eventually sold to Manchester United for £1,200,000.

Mr Clough spent only £500,000 of that money to sign a replacement, Peter Ward from Brighton. Ward took a little while to settle down and Gary Mills was sometimes used in attack with Wallace and Robertson. Then an injury to Robertson complicated matters further because his replacement, Colin Walsh, played well enough to deserve a first-team place in his own right.

Forest also made changes in midfield. John McGovern was one of the players rested but, in recent weeks he was recalled

The Reds

to a more settled line-up of McGovern, Martin O'Neill and Ponte, with Ian Bowyer being the player who was eased out.

Injuries have caused problems in defence, too, and Larry Lloyd and Bryn Gunn have emerged as the two central defenders with Viv Anderson and Frankie Gray operating on the flanks. Peter Shilton is the one player who has continued to show all his usual consistency.

With so many changes going on it is small wonder that Forest feel a little behind in the Championship chase, though Mr Clough still reckons they can finish on top.

What was surprising was the manner of Forest's exit from the League Cup. They had created a record by becoming the first club ever to reach three successive League Cup finals, winning the trophy in 1978 and 1979, and finishing runner-up last season. But in this season's fourth round they were hit 4-1 by lowly Second Division Watford.

Forest's dream of making it a hat-trick of European Cup finals crashed in this season's first round when they lost both legs to CSKA Sofia by 0-1.

The return of Trevor Francis revitalised Forest and, if they can maintain the sort of form they displayed over the Christmas holiday period, they could indeed pull off the League Championship still. Though it is probably true to say their best hope for honours this season is offered by the F.A. Cup.

If they should reach Wembley in this tournament then they will have another record to try and maintain. Forest have never been beaten in an F.A. Cup final, winning on their two appearances at the ultimate stage in 1898 and 1959.

Until the holiday period, Forest had won only two away matches in any competition. They won 1-0 at Brighton in the First Division and 7-0 at Bury in a League Cup tie. They had showed a tendency to draw their away games, finishing level at Everton (0-0), Middlesbrough (0-0), Sunderland (2-2), Norwich (1-1), Liverpool (0-0) and Coventry (1-1) in the League and Peterborough (1-1) in the League Cup.

Forest were beaten at Tottenham (0-2), Arsenal (0-1), Birmingham (0-2) and Leeds (0-1) in the League, CSKA (0-1) in the European Cup, Watford (1-4) in the League Cup and Valencia (0-1) in the European Super-Cup, which they lost this year on away goals.

Their holiday form proved something of a revelation, though, and Forest crushed Wolves 4-1 at Molineux on Boxing Day.

PETER SHILTON (Goalkeeper). Peter won his 33rd England cap in the November World Cup clash with Switzerland at Wembley. He was only 16 when he made his League debut for Leicester in 1966 but he quickly succeeded Gordon Banks in the Leicester goal. In 1975 he was transferred to Stoke for £340,000 and he joined Forest in 1977 in a £270,000 deal.

VIV ANDERSON (Defender). Viv became the first coloured player to appear in the full England team and he now has five caps. He developed in the Forest juniors and emerged for his first-team bow during the 1974-75 campaign.

LARRY LLOYD (Defender). Larry started his career with Bristol Rovers but, after only one season in their senior side, he was sold to Liverpool for £50,000 in 1969. Five years later he moved on to Coventry for £240,000 but Forest signed him for £60,000 in 1976. Larry has four England caps.

BRYN GUNN (Defender). Loyal Bryn has been waiting patiently in the wings for the chance to play regular first-team soccer. Though he made his debut in 1975/76, he had played only 14 League games prior to this season. But injuries to defenders have enabled him to perform at right and centre-back in recent weeks.

FRANKIE GRAY (Defender). Frank spent his early years with Leeds United and made more than 200 first-team appearances for the Peacocks. He also won eight Scottish caps. Forest signed him for £400,000 during the 1979 close-season. He has been recalled to the Scotland team this season, winning two more caps.

KENNY BURNS (Defender). Kenny was usually a striker in his Birmingham days, though he has always preferred playing in defence. Forest paid a then club record £150,000 to sign him in 1977 and he now has 17 Scottish international caps.

DAVID NEEDHAM (Defender). David served Notts County splendidly for 12 years and then moved to Q.P.R. for £100,000 in 1977. It was only a matter of weeks, however, before Forest went in with a £140,000 bid to take him back to Nottingham. He is now an England "B" international.

JOHN MCGOVERN (Midfield). John first played under manager Brian Clough at Hartlepool and later followed the manager to Derby and Leeds before joining Forest for a mere £30,000 in 1975. He is now approaching his 500th appearance in League soccer.

RAIMONDO PONTE (Midfield). Raimondo is a Swiss international who was, in fact, born in Italy. He was playing for Grasshoppers when Forest chief Brian Clough spotted him and he signed him last summer for £230,000. Raimondo scored a hat-trick when Forest crushed Bury 7-0 in the League Cup at Gigg Lane earlier this season.

MARTIN O'NEILL (Midfield). Martin joined Forest from Distillery as a 19-year-old for a mere £30,000 in 1971 and now he is a regular member of the Northern Ireland international team, gaining his 37th cap in Portugal in November.

IAN BOWYER (Midfield). Ian began his career with Manchester City and then signed for Orient in 1971. He was their top scorer in his first season and in 1973 he linked up with Forest in a £40,000 deal.

GARY MILLS (Midfield/Forward). Gary was only 16 when he made his League debut against Arsenal in 1978. He is an England youth international soccer player but, while he was at school, he represented England at Rugby.

IAN WALLACE (Forward). Ian was signed from Coventry last summer for £1,250,000 after twice topping the Sky Blues' scoring list. Now he is one of Forest's leading scorers. Capped by Scotland on three occasions, Ian began his career with Dumbarton and joined Coventry for £75,000 in 1976.

PETER WARD (Forward). Peter joined Forest from Brighton for £500,000 earlier this season. The south coast club had signed him for only £4,000 from Burton Albion and, after scoring on his League debut, he broke the Birmingham club record with 36 goals in 1976/77. His shooting form earned him a chance in the England under-21 eleven.

TREVOR FRANCIS (Forward). Trevor returned to first-team duty over the Christmas period after missing the first half of the season through injury. Now his big aim is to get back into the England team and add to his 18 caps. He was introduced to League soccer as a 16-year-old by Birmingham in 1970 and he later led their scorers for three successive seasons. He became the first £1-million player when Forest signed him in 1978.

JOHN ROBERTSON (Forward). John has been in the Forest side since 1971 and is now well-known as their penalty-taking and sparkling left-winger. He has been capped by Scotland on 11 occasions.

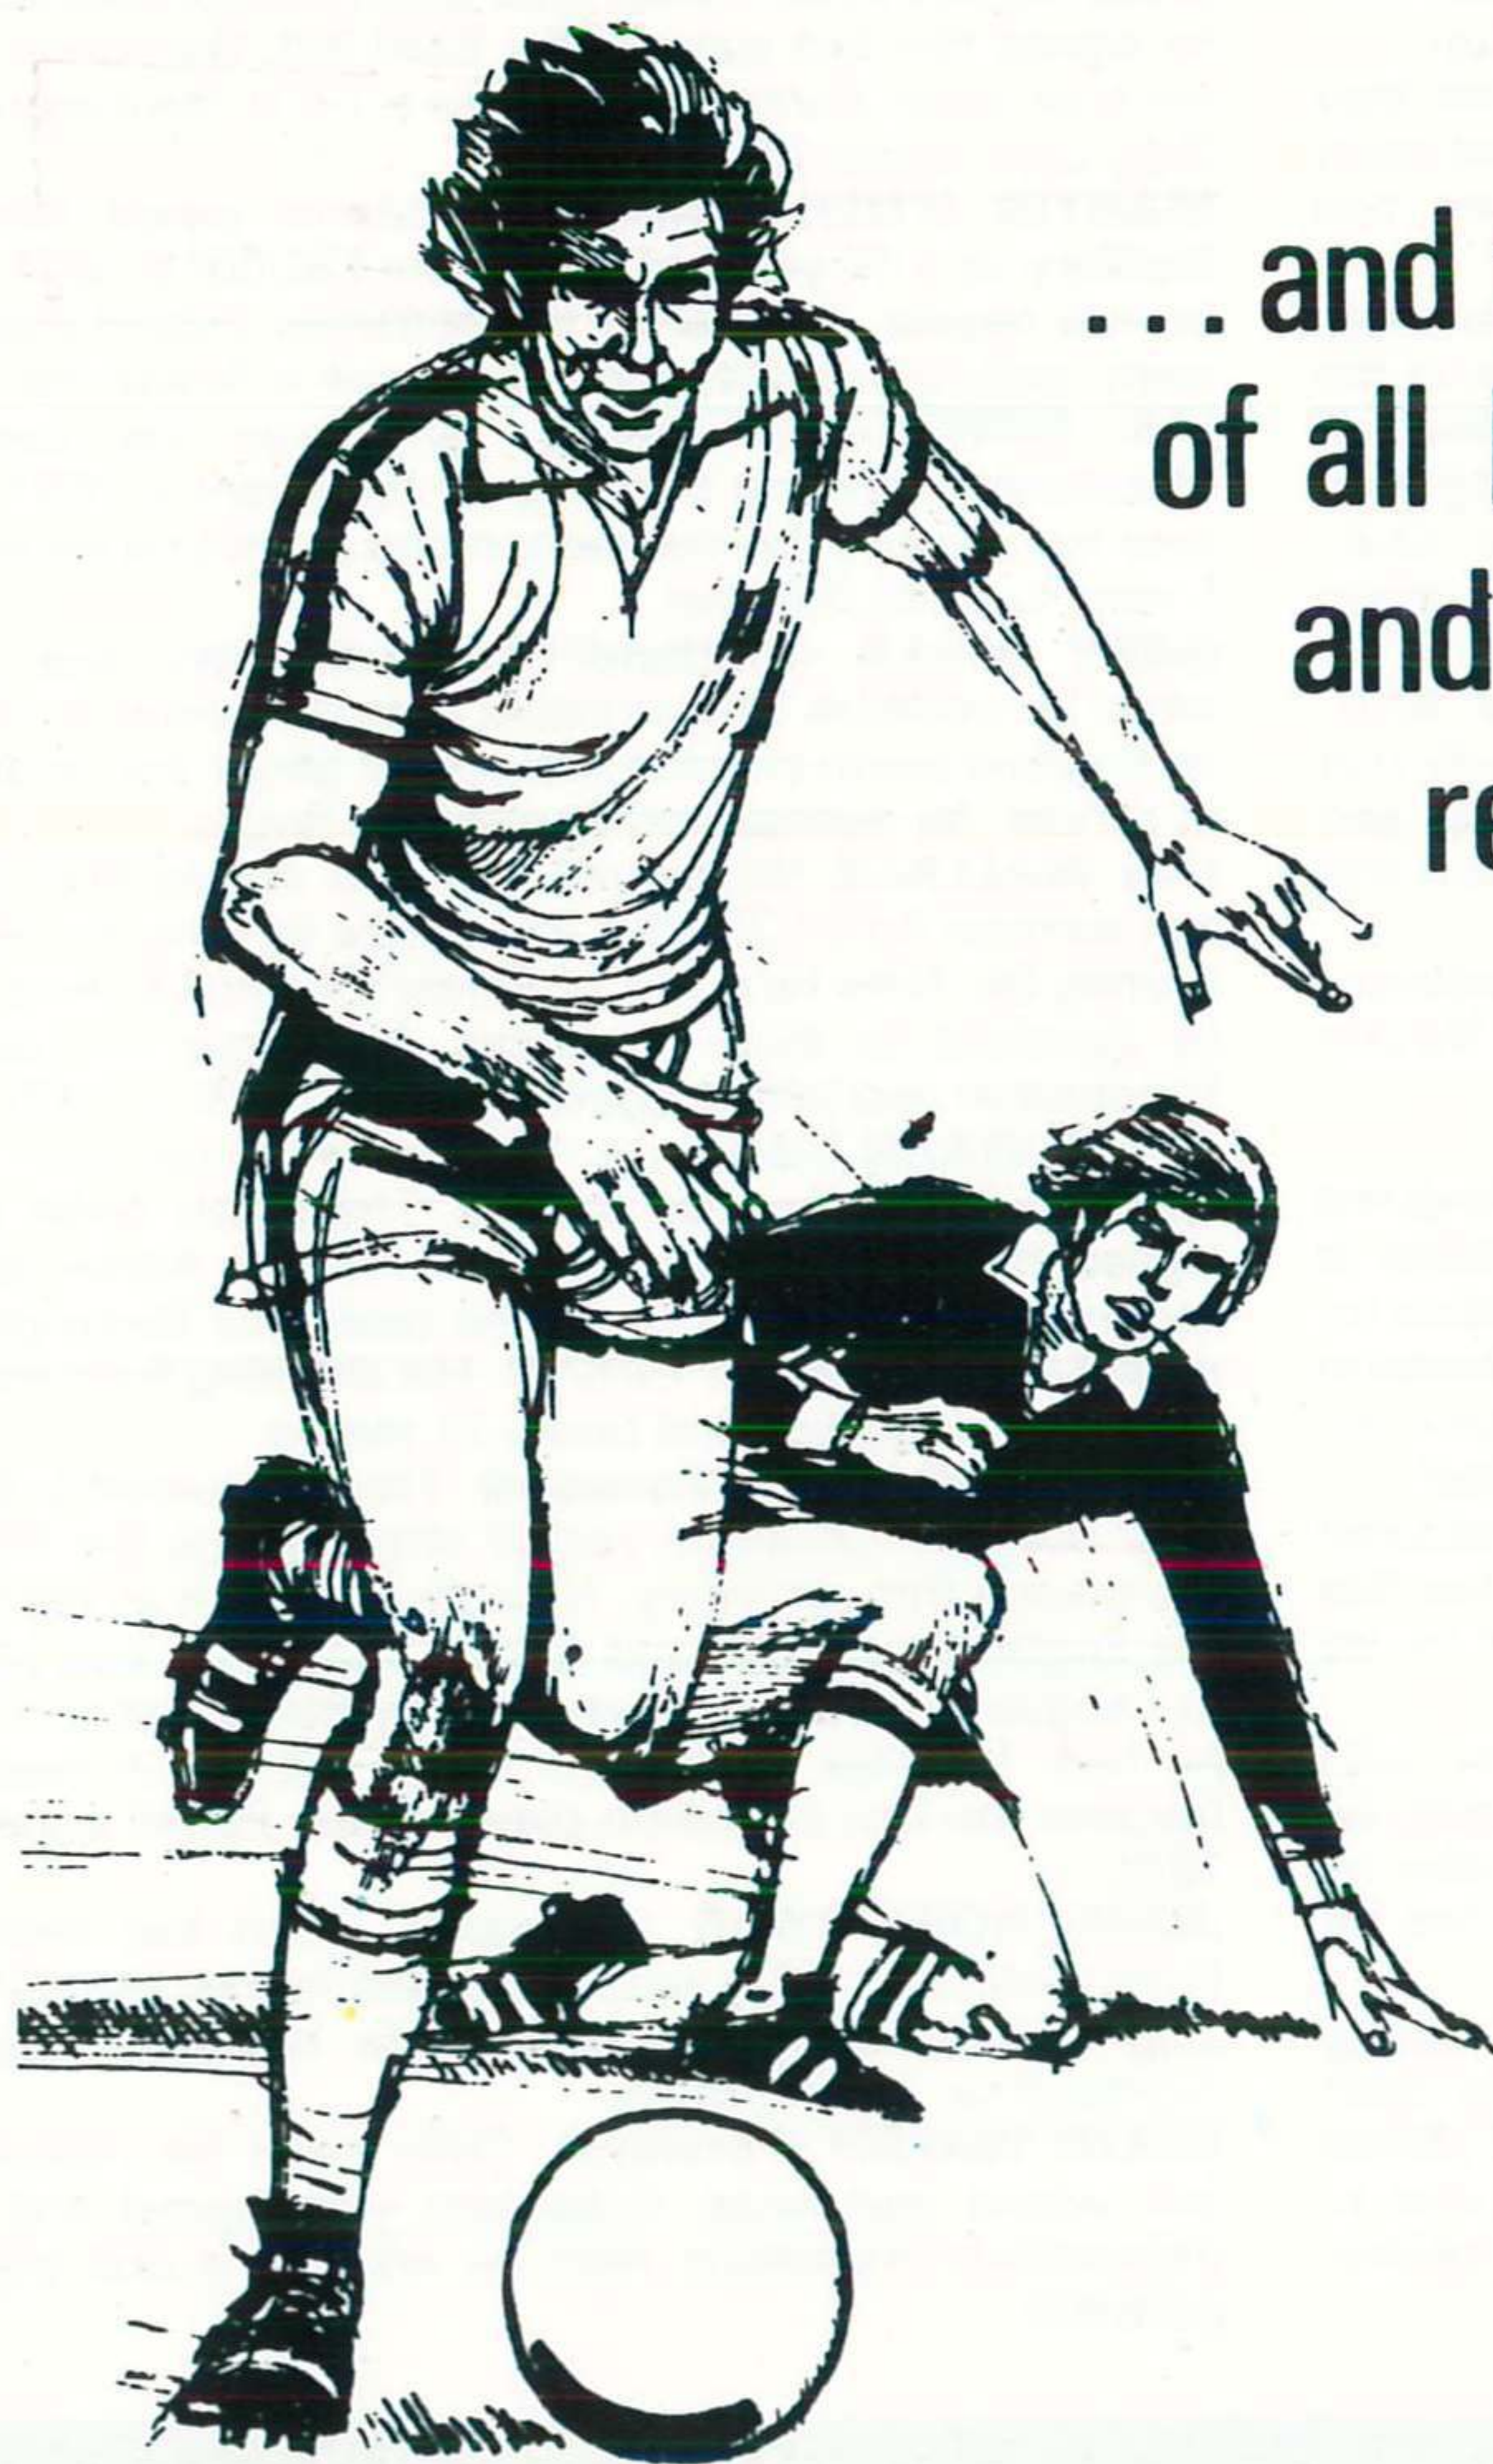

COLIN WALSH (Forward). Colin made his League bow a few weeks ago when Robertson was injured and made a tremendous impression with his wing runs and goalscoring potential.

HEATING

The club's newly-installed undersoil heating system worked a treat for the game against Blackburn Rovers on December 27.

While other clubs in the region watched the thermometers with trepidation, here at Burnden Park we were able to sit contentedly in the knowledge that the ground would be perfect.

With a sudden drop in temperature and a heavy fall of sleet on Boxing Day, the heating switched itself on automatically and ticked over to keep the pitch in good shape.

And with the ground conditions ideal, the players were able to turn in an entertaining performance for the 18,000-plus fans who turned up for the match against our neighbours and close rivals.

Unfortunately the result went against us, but at least we have the knowledge that the pitch was in such good condition and the players were able to display their skills.

INJURIES

Brian Kidd and Mike Bennett are among those who have enrolled for the series of lectures on the treatment of soccer injuries being given by Wanderers physio Jimmy Headrige, starting on Thursday.

If you would like to join Brian and Mike on the injury course, you still have time to enrol, by contacting Jim here at the club.

Jim is the Football Association's regional expert on the treatment of injuries and has already staged similar teach-ins over the past year or so.

The instruction will be of tremendous value to anyone connected with schools, youth clubs or local teams and covers the basic principles of anatomy, physiology, treatment techniques and fitness tests.

USED CAR SALE

The used cars we sell have all been serviced by qualified mechanics and have passed our vehicle pre-delivery inspection. Any purchaser has an open invitation to have his car checked by the A.A. or the R.A.C., or any other independent engineer. All our vehicles are covered by a 12 months mechanical breakdown insurance warranty. This insurance is under-written by Lloyds of London. The purchaser is given his warranty booklet, the conditions of which are very carefully explained before he buys the car. If required, this insurance can be renewed for a further 12 months and we feel that the cover provided under this warranty is as comprehensive as any in the market. Any purchaser will be provided with the name and address of the previous owner of the vehicle. This will enable him to check mileometer readings and satisfy himself on this very important aspect.

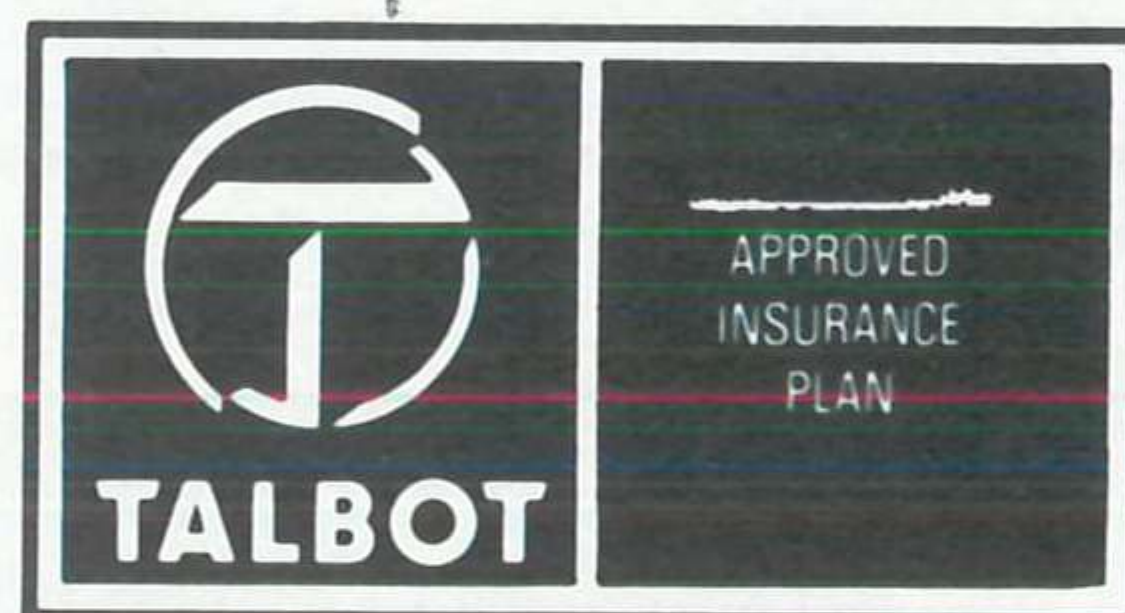

Our Business Manager will arrange vehicle financing and will assist all purchasers to arrange both finance and insurance on their motor vehicle.

We offer to our used car customers what we believe is a unique scheme in this area. If any purchaser is unhappy with the vehicle he buys during the first 8 days, or 250 miles, for any reason whatsoever, we will reverse the transaction. Such a commitment clearly shows that we have faith in our product and that we would rather keep our reputation of 60 years unblemished than make a quick sale resulting in a dissatisfied customer.

It is the level of repeat business from satisfied customers which will ensure that Parkers of Bolton will be here for another 60 years.
